OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 219/21 Enc. 3

Bangalore 6th July *1912*

From I Shama Rao Esq M A
Ag *Inspector General of Education in Mysore*

To
K R Srinivasiengar Esq
Offg Secretary to the Government of His Highness
the Maharaja of Mysore General & Revenue Departments

Sir

I have the honour to submit herewith a copy of application dated 15th June 1912 from one D Viswanathayya who has been undergoing training in Electrical Engineering in the Indian Institute of Science Bangalor praying for a scholarship to enable him to complete the course in the Institute togetner with a copy of letter/recommendation No 85 of 27th June 1912 from the Offg Director of the Institute and a copy of testimonial from Professor Alfred Hay D Sc M I E E Professor of Electrical Technology in the Institute

2 It will be seen from the testimonials that the Candidate seems to deserve a special scholarship I recommend that he may be granted a special scholarship either from the Damodar Das Fund or from State Funds, if possible

I have the honour to be
Sir
Your most obedient servant

M Shama Rao
Ag Inspector General

Edn 21 12 1 2

To

The Inspector General of Education in Mysore

B A N G A L O R E

Sir

I beg to offer myself as a candidate for the Damodardas Scholarship of Rs 1 0/- per month to be awarded to me as a special case under the following circumstances -

While I was prosecuting my studies in the B A class in the Central College I was tempted to make a special study of Electrical Engineering as the generation of electricity in the Mysore State created an incentive Being a native of Mysore and my father being in Government service as Shekdar in Kolar District I secured a scholarship to proceed to Bombay to study in the Victoria Jubilee Technical Institute After a study of three years in the Institute I secured a first class Certificate and returned to Mysore in the early part of 1908 Mr Gibbs the then Chief Electrical Engineer promised to take me as a Probationer on receipt of sanction to a proposal which he had made to the Government Owing to a retrenchment he afterwards gave me a Meter Inspector's place In the interval I did some private work as a Mechanic in attending to house-hold lighting and motor erecting

After I joined the Electrical Department Mr Gibbs tried me for a year and recommended me a foreign scholarship to enable me to proceed to America In my application to Mr Gibbs I had also asked for permission to put me on deputation to join the Indian Institute of Science to specialise ~~the~~ Electrical Engineering As the term in the Indian Institute commenced on the 24th July 1911 I joined the same as I could not wait for the final orders of Government on my application for a scholarship

I have been undergoing training in the Institute since then and would

would here submit that a report of my work in the Institute may be called for to enable the Government to judge whether I deserve the scholarship

Should I however be fortunate in securing the scholarship my aim is to complete the course prescribed in the Institute and then proceed to Europe and America for a period ranging between six months and a year to visit important centres of Electrical Training and Industries and to acquaint myself throughly with every detail of the up-to-date Electrical appliances which the present eminent Electrical Specialist Dr Alfred Fay of the Indian Institute of Science would prescribe for me This programme of my studies would also I hope commend itself to Government

In conclusion I humbly submit that my appointment in the Electrical Department has otherwise been fulled up and that I am left in this peculiar position of praying for the necessary help -as the cost of living in the Institute is very heavy- from Damodardas funds as a special case as I have already completed one year's course in the Institute with a ground work of three years previous instruction in Bombay in the special branch of Electrical Engineering and a practical training of one year in the Government Electrical Department

I beg to remain

Sir

Your most obedient servant

15th June 1912 (Sd) D Visvanath Ayya

Bangalore the 27th June 1912

Sir

With reference to your letter No 1013°/1619 date1 the 21st June 1912 I have the honour to state as follows regarding D Visvanath Ayya who is a student at the Indian Institute of Science

Mr D Visvanath Ayya is known to myself as being a student well worthy of any assistance which he might receive in the way of a scholarship He has been a student of the Institute during the last session and has comported himself in every way to the entire satisfaction of the academic staff

I enclose a note from Professor Alfred Hay head of the department of electrical technology regarding this student I may say that Dr Hay has had every opportunity of observing his conduct as Mr D Visvanath Ayya is working entirely under his direction in the department of electrical technology

I hope that this student may be successful in obtaining the scholarship hich he seeks
